GOAL OF WEBSITE

Our main aim is to create a user-friendly interface that allows plant enthusiasts to effortlessly explore a wide range of plant options and easily purchase their favourite plants.

WEBSITE

- http://myweb.usf.edu/~gnamana/Assignment_LookAndFeel/index.html
- <https://assignment05weblookandfeel.azurewebsites.net/>

KEY LEARNINGS

- We've helped plant lovers of all levels with easy-to-understand info to grow healthy indoor gardens.
- Giving clear care instructions and tips has supported our community in plant care.
- Understanding plants better has made people happier and more connected to nature, boosting confidence in plant parenting.

FUTURE ENHANCEMENTS

- **Interactive Features:** Implementing interactive features such as plant care quizzes, virtual garden planners, or live Q&A sessions with experts can further engage and educate our community.
- **Expansion of Resources:** Continuously expanding our resources to include a wider variety of plants, including rare or exotic species, and addressing specific care needs for different climates or regions.
- **Community Engagement:** Encouraging more active participation within our community through forums, plant swaps, or local meet-ups to foster connections and knowledge-sharing among plant enthusiasts.
